PROFESSIONAL SUMMARY

Full-Stack Web Developer and Computer Science graduate from Addis Ababa University with hands-on experience building and deploying responsive, database-driven web applications. Specializes in front-end development with React and Tailwind CSS, with strong supporting back-end and database skills (Node.js, Express, MongoDB, PostgreSQL, MySQL). Currently expanding into AI and data analysis through ongoing training at Qiyas AAU and ALX. Passionate about building clean, scalable, user-focused solutions with strong problem-solving and collaboration skills.

WORK EXPERIENCE

Front End Assistant

Brolf

2 month

- Assisted frontend students in learning HTML, CSS, and JavaScript.
- Guided students in building responsive portfolio websites.

Full-Stack Web Development Intern

Syntecxhub

1 month

- Contributed to full-stack web development tasks across UI and server-side components
- Assisted with database integration and feature implementation

Frontend Developer

Kuraz Tech

3 month

- Built responsive web interfaces using HTML, CSS, JavaScript, Tailwind CSS, and React
- Assisted with back-end integration using PHP and MongoDB
- Collaborated on projects using Git-based version control

Front-End Developer

Codveda Technology

1 month

- Developed responsive web applications using React, JavaScript, and modern UI technologies
- Integrated front-end components with back-end services and RESTful APIs Maintained and managed source code using Git/GitHub within collaborative workflows

EDUCATION

Bachelor of Science in Computer Science

Addis Ababa University

2022 - 2026

CGPA: 3.2 · **Exit Exam:** pass

PROJECTS

Yegara Community Report Tracking & Event Management System

Designed and developed a full-stack system for managing reports and organizing events Implemented front-end UI, back-end logic, and database integration

Stack: Node.js ,Express, MongoDB,LangChain + OpenAI,React and Tailwindcss Socket.IO
https://github.com/Sofi3406/YEGARA_PROJECT/tree/main/yegara-community-system

Yebragi Psychotherapy Web Platform

Built a full-stack web platform supporting structured workflows and user management

Stack: React, Node.js, Express and PostgreSQL
https://github.com/Sofi3406/yebragi-psychotherapics_web_platform

SLM (Silte Lmat Mahber) Platform

Developed a community-focused application with membership and digital services

Stack: Node.js + Express + MongoDB,Next.js
<https://github.com/Sofi3406/yenberi>
